

## Specifications

## Alarm Contact

### Main

Range	UEM5
Device Name	AL1
Product or Component Type	Alarm contact
Device Application	Alarm contact is used as alarm function when overload, short circuit and "trip-free" caused by undervoltage fault, happen in lines and equipment
Conventional Thermal Current	3A
Rated Current	0.3A(AC380V) 0.15A(DC220V)
Range Compatibility	UEM5-100/160、UEM5Z1-100/160、UEM5L-100

### Complementary

Wiring Terminal	Lead type
Number of Alarm Contacts	1 Group
